

CAPSO Parameter Specifications

Name: 3-(Cyclohexylamino)-2-Hydroxy-1-Propanesulfonic Acid

CAS number: 73463-39-5

Molecular formula: C₉H₁₉NO₄S

Molecular weight: 237.32

Purity: ≥99%

Applicable PH value range: 8.9-10.3

Acidity coefficient value: 9.6

Melting point: 270-274 °C

Appearance: white crystal powder

Packaging specifications: 500g/bottle, 25kg/barrel (customized packaging)

Validity: Two years

Storage conditions: sealed storage at room temperature (0-40 ° C), avoid direct sunlight, pay attention to moisture

Structure:
